2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Art Unit: 1756

Attachment: Notice of NON-COMPLIANT AMENDMENT (37 CFR 1.121)

Only the corrected sections of the non-compliant amendment document must be resubmitted (in its entirety). In this case, only the "Amendment to the specification" section filed on Apr. 26, 2007, must be resubmitted. 37 CFR 1.121(h).

(The examiner notes that the "Amendment to the claims" section filed on Apr. 26, 2007, was in compliance with 37 CFR 1.121 and has been entered.)

The "Amendment to the specification" section filed on Apr. 26, 2007, does not comply with 37 CFR 1.121 for the following reason:

Item C: That "Amendment to the specification" section uses paragraph numbers to indicate the locations of the amended paragraphs. However, there are no paragraph numbers in the specification filed on Jul. 17, 2003. Therefore, applicant has not unambiguously identified the location of the amended paragraphs.

37 CFR 1.121(b)(1) states that "[a]mendments to the specification . . . which are considered for amendment purposes to an amendment of a paragraph, must be made by submitting: (i) An instruction, which unambiguously identifies the location, to . . . replace a paragraph with one or more replacement paragraphs" (emphasis added).

In response to this notice, applicant is required to indicate the locations of the amended paragraphs in the specification filed on Jul. 17, 2003, by both page number and line number.

The examiner notes that the so-called "amended paragraphs" labeled with the paragraph numbers 0046, 0050, 0052, and 0056 appear to replace the tables at pages 11, 12, 13, and 14, respectively, of the specification filed on Jul. 17, 2003. Applicant is advised that he should amend the tables, rather than present a running string of words with no punctuation marks as now presented in the amended paragraphs.
